

# LONDON - SYDNEY 50

\* 29 July  
2018

Celebrating 50 years  
of the London to Sydney Marathon  
*THE FIRST TRULY COMPETITIVE CAR MARATHON OF  
MODERN TIMES...*

\* Note the new date!

There had been motoring rallies and 'marathons' since before the First World War, but these had been more of a 'survival challenge' than an out-and-out competitive event. All this changed in November 1968 with the staging of the 10,000 mile London to Sydney Marathon. In searing heat and dust it was an unprecedented test of man and machine...

Join us at the British Motor Museum, Gaydon on 29th July 2018 for a celebration of this great motoring event - and the other endurance rallies and marathons that followed in its wake through the 70s and 80s.

- \**Historic rally cars from the 'Classic' Marathon era*
- \**Driver & Celebrity Interviews*
- \**Discounted entry to the British Motor Museum*
- \**Video, Memorabilia and Model displays*
- \**Parade of historic cars + convoy arriving 11am*
- \**Gates open 10am*
